

Activity 5: (Legislative Branch) Bill to a Law

Separate Quiz Grade

You may work with a partner on this assignment

Final Deadline: Wednesday, September 23, 2026

For this mini-project you will create a game, video, comic strip, book (digital or hard copy) or other non “powerpoint” or that shows the steps of how a Bill becomes a law. You will have a few options on who your audience is as well.

You can create this for:

Elementary students

Middle school students

On-level high school students

AP Government students

After choosing your audience you will need to think about how you can teach these steps. Ex, How would you teach the steps Bill to Law to Elementary kids as opposed to those in AP Government?

Consider the following elements:

- ★ Pictures that are appropriate for the steps
- ★ Age/level appropriateness
- ★ Engaging
- ★ Correctness - steps are in the right order.

Your mini-project can be physical or digital. Include a description.

If you complete it digitally, please submit it to Google Classroom.

If you complete it on paper, please submit it to your teacher.

You may turn this in separately when it is complete from the rest of the Unit 2 Assignments.

You will have class time on this project, BUT you are welcome to take this home.
